

## Student Photo Restriction Form

**This form does not need to be returned if you wish to allow your child's photo to appear in school and district publications including the web site, local newspapers, and bulletin board displays.**

During the school year, we often take photographs of students, parents, teachers, and school activities and may include these pictures on school bulletin boards, school and district publications, home and school publications, and on the district's/schools' web site. In most circumstances only a first name of a student or a general description of the picture will appear in the caption. However, there are times when local newspapers do come into the schools to take photographs of school/student activities and may print a full name of the student. Students' addresses and phone numbers will not be included with any information posted on the district or school web site.

If you **DO NOT** want your child's photo to appear in these public places, please complete the form below and return it to your child's school by October 1. This policy shall not limit the right to publish photographs of any student participating in school sports, school plays or concerts or other activities in the public domain.
