

Bus Routes and Stops

Bus routes, stops and pick up times are available by school on this web page. Students should arrive at their bus stop 10 minutes before the scheduled pick up time.

Please contact your school if you move or need transportation from an alternative address or day-care provider within your school district (see [Alternate Location Transportation page](#))

Routes and Stops

Routes and Stops are planned each year according to our student enrollment. The most important consideration when establishing bus stop locations is to provide a safe location for children to walk to and wait for the bus.

A request to move a bus stop or to change a bus route can be requested at any time. All requests will be considered taking into account the safety of the student, routing efficiency our student population and fairness to others. Safety is always the number one consideration. The process for making a change in stop or route request is as follows:

1. Email your request to hps.busroutes@hudson.k12.ma.us or if computer access is not available by calling the Bus Company at 978-562-5186 and they will log your request.
2. The request is reviewed by the Bus Route Manager and discussed if necessary with the appropriate School Department Personnel.
3. If a final decision is made to move the stop or to change the route, the person making the original request will be notified along with any other students or parents affected by the change.
