

## Lost and Found

Don't worry students frequently leave personal items on the bus.

- Valuable items such as instruments, wallets, cellphones etc. are brought into the transportation office at the end of the day. Parents can call the transportation office 978-562-5186 before 4pm to try to make arrangements to pick up items or they will be returned to students the following school day by their bus driver.
- Belongings such as clothing, backpacks, books, lunchboxes, etc. are kept in a box at the front of the bus where students are reminded to look for items they may need to reclaim.
- Labeling your students articles of clothing, backpacks and other personal items makes returning them much easier for our drivers.
